## ABOUT GATEWAY

Saying goodbye to a beloved pet is usually a time of great emotion. As we cherish the memories of our pet, making decisions regarding pet aftercare can be difficult and sometimes overwhelming.

In 1995, facing similar questions and choices regarding the loss of a family pet, Scott Hunter could find no satisfactory answers. The pet aftercare industry seemed to offer very little regulation; most companies providing pet aftercare services did so with minimal licensing and inferior standards.

A year later, in 1996, Scott founded Gateway. Since that time, Gateway has continued to set the industry standard for excellence in ethical pet aftercare across North America.

Gateway offers pet owners a sense of comfort and peace of mind, ensuring your pet's aftercare will be handled in a way that is respectful, dignified and compassionate. At every step along the way, we promise to care for your pet as if they were our own.

---

## PRIVATE VIEWING & VISITATION

Sometimes, being close to your pet as you say your goodbye is an important part of the grieving process. For pet owners who prefer to say goodbye to their cherished pet in a private setting with family and close friends, Gateway offers the opportunity for a Viewing & Visitation service. In a pleasant and serene visitation room, you will be in close proximity to your pet during a truly private cremation. A Viewing & Visitation Service is a time for gathering together in ceremony to share a meaningful goodbye - to grieve, to celebrate and to remember a faithful companion. Whether your wish is for a quiet, reflective memorial or a joyful tribute, we will help you make these arrangements in a warm and supportive environment.

*"Having the opportunity for a last viewing was priceless and comforting. From the bottom of my heart thank you so very much for making the entire experience a little easier."*

- Colleen

## CREMATION SERVICES

As a pet owner, you have the special responsibility of making aftercare choices on your pet's behalf. Working together with your veterinary clinic, we will gently guide you through the process of making cremation arrangements that are fitting for you and your pet.

## PRIVATE CREMATION

Private cremation provides you with the opportunity to keep your pet's cremated remains as a permanent and personal keepsake. When you choose private cremation, your treasured pet will be the only pet in the cremation chamber during the cremation process. When the cremation process is complete, we ensure that you receive only the cremated remains of your pet.

Gateway offers a wide variety of memorial products. Making a decision regarding memorial products is a personal process. These items may reflect the life you shared with your pet, your personal style or possibly reflect your pet's unique personality. Please take a moment to review our Memorial Products.

Your pet's cremated remains will be returned in your selected urn, along with a certificate of cremation, authenticating that your pet was cremated at Gateway Pet Memorial.

## COMMUNAL CREMATION

With communal cremation, your pet is gently placed into the crematory together with other pets. Because no cremated remains are returned to you when you choose a communal cremation, you may wish to consider one of our personalized memorial paw prints as a timeless remembrance.
